

A photograph of a woman with dark curly hair, wearing a purple corded sweater, sitting on a couch and petting a black and white cat. The cat is standing on the couch, looking towards the right. The background is warm and slightly out of focus.

What is Lifeline?

Lifeline is the Cats Protection dedicated cat-fostering service that provides temporary, loving homes to cats whose families are fleeing domestic abuse.

With most refuges unable to accept pets, our network of dedicated Lifeline fosterers look after cats until their owners are able to take them back safely. That gives survivors the chance to get away from danger, knowing they'll be together again with their beloved cat soon.
